

## Pronghorn Antelope Tag

## **Hunt Season**

August 1 - September 20, 2009

Here is your chance for a unique opportunity to hunt pronghorn antelope in California. The purchaser of this tag will have full hunting access to all six designated hunt zones, which includes portions of Lassen, Modoc, Plumas, Shasta, and Siskiyou counties. Prior permission required for private property access.

Dont miss this opportunity!

Pronghorn are the second fastest land animal in the world. Combine that speed with phenomenal vision (comparable to 8X binoculars), makes hunting this animal a challenge in their native, open range.
